Perfect Playtimes Week 1

I love the chinks, we can pretend to be teachers!

This week saw the launch of 'Playground Phase One.' In Monday's assembly we shared our playground charter, the do's and don'ts of playtimes, football and scooter track rotas AND the star player of the week award!

The sun shone, games were played, Lego models created, scooters were a HUGE hit and we all had lots of fun.

Our children followed the rules and were terrific at tidy up time!

We have the **RIGHT** to play and enjoy our playtimes.

We have the **RIGHT** to feel safe.

RIGHT

We have the **RIGHT** to choose friends and join in games.

We have the **RESPONSIBILITY** to **RESPECT** everyone else's right to be happy, safe and enjoy their playtimes too.

The scooter track looks really fun even though we haven't had our turn yet.

I feel special, school have figured all of this out just for us!

I love this!

BE THE BEST YOU CAN BE

Playtimes have changed, I've been more active; playing football and using the scooters.

I'm very excited about all of this new equipment.

We're very lucky!

Can't wait for next playtime to do this again!

I like how there are two football pitches!

I enjoyed playing with the cars!

I like how each playtime we can play different things with different people.

Even though my friends and I usually lay football it makes us want to try something else.
